

DJ'ing

Scrumptious and soulful with a spot of witty warmth and wonderful wisdom, I've witnessed Lady Deva spin her splendid sparkling tunes. All within earshot eagerly arrived to sample her selections, shake their soles, loose their cabooses, and cavort in carefree craziness! Huzzah!

Upcoming DJ dates

I became a DJ at the local radio station, KVNF in Paonia, Colorado, at the tender age of 17 (has it really been 12 years?). Since then I have had the priveledge of spinning on KVNF, KDNK, and KLC as well as for private parties and other such occasions.

I was a DJ at the Solstice Institute in Boulder, Colorado for around 6 years - offering monthly dancing for a community of barefoot groovers (now that I am living on the other side of Colorado, I will guest DJ in Boulder as I am able).

I use my DJ'ing experience in combination with many of the Deva Dancing offerings to spin music for embodiment. Spiritual, world beat, rock, pop, hip-hop, electronica, new-age, and more will find their way into my mixes winding you through an eclectic ride of auditory pleasure.
